Among the important purchases of the year are: "The World Book," an encyclopædia of ten volumes; "Cambridge Natural History," ten volumes, edited by Harney and Shipley; a three-volume "History of Art" by Elie Faure; a new Boston directory, Whitaker's Almanac for 1923, and several volumes of new plays.

A second Bulletin was published in the summer and a third has just been issued.

Two of the library assistants have moved away from town, which made some changes in the staff necessary.

A new fence has been placed at the front of the building to protect the grass from constant crossing.

The outstanding feature of the year was the State Meeting at Hampton Beach. This event was made interesting and enjoyable not only by the excellent programme each day, with evening lectures, but also by the hospitality of the Hampton Woman's Club.

The Exeter librarians, as in other years, had the pleasure of attending several lectures of the Summer Library School at Durham.

Robinson Female Seminary

PRINCIPAL'S REPORT

To the Honorable Board of Trustees:

The total enrollment of 330 for the present year is the largest in the history of the Seminary. The present enrollment of 300 is accounted for by the fact that several pupils have been forced by illness to leave school. Some of them expect to return next year.

A comparison of school conditions with those reported from many places justifies the conclusion that the Seminary has much for which to be thankful. Especially encouraging is the general atmosphere of interest, of willingness to co-operate, of wholesome spirit.

The interest of the alumnae in starting a fund for the installation of electric lights is most encouraging to all who are interested in the school. Entirely apart from the significance of this particular act, my own personal feeling is one of intense gratitude to find them ready in many different ways to show their loyalty to their alma mater. Several parents have expressed their appreciation of the need of immediately remedying the lighting handicap under which pupils are forced to work on cloudy days.

There is no factor which means more to a school than the retention of good teachers. Particularly gratifying, therefore, is the fact that there was no change in the Seminary teaching staff this fall.

Scholastic work in general has been maintained at the satisfactory level of recent years.

The college record of Seminary graduates continues to be most excellent. In the present Senior Class at the University of New Hampshire, of the four girls standing highest in scholarship for the entire course, three were graduates of the Seminary. All Seminary graduates enrolled in other colleges

this year successfully passed all subjects. A scholastic record of high achievement without a single failure is conspicuously creditable.

Increasing interest is evident in the activities of the athletic department. Competition with outside schools is stimulating enthusiasm which should be a valuable asset. Insistence upon a satisfactory scholastic standing for all pupils who compete in athletic contests is producing good results.

The needs of the Seminary are so well known to you that it is not necessary to enumerate them.

The interest which you have shown in the work of the teachers, your understanding of their problems, and your willingness to assist in all possible ways, the teaching staff greatly appreciates. In their behalf and for myself, permit me to express most cordial thanks.

Respectfully submitted,

HARLAN M. BISBEE.

TRIBUTE TO MR. BURLINGAME

The Trustees of the Seminary wish to spread on their records their appreciation of the services of the late William Burlingame.

For many years Mr. Burlingame was the secretary of the board and later the president. He was also the chairman of the committee on repairs and the committee on supplies. Throughout his service of nearly forty years he was regular in attendance at meetings, and untiring in his efforts to promote the best interest of the Seminary, which, next to his family, was his dearest concern.

JAMES A. TUFTS, *Secretary.*
